Industrial Electronics • Electronic Mining Devices • Distance/depth Measurements
Positioning • Guidance • Tracking • GPS • Lasers

Distribution Link

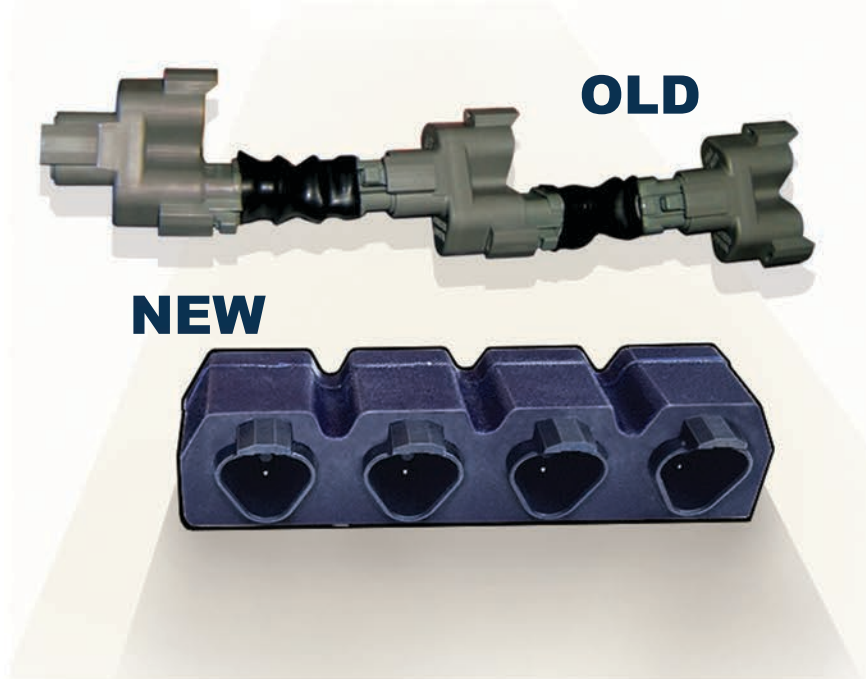

The DTI developed a simpler **Distribution Link**; the one piece design eliminates costly parts and production labour, equating to *Savings* for your project.

Connect your components with confidence with DTI's rugged and tough engineered design.

Features:

- **Rubber or Plastic Moulded Casing.**
Distribution Links come in durable Rubber or Plastic waterproof casings.
- **Port Connections**
Ports are reliable Destuch pin connectors offering secure connections and extra protection from the elements such as dust and water.
- **Port Availability**
Distribution Link comes in 4 or 6 ports to suit your needs.

*Custom ports are available upon request.
